CUSTOM ART

DIGITAL PRINTED WALL PANELS

Livello digital printed acoustical wall panels are the perfect acoustic and aesthetic solution for a variety of interior noise reducing applications. These printed wall panels are manufactured to the highest standards and act as an absorber panel that offers a visually appealing way to resolve reverberant noise issues.

Custom Art Panels provide the ultimate in performance with excellent NRC ratings. Panels are constructed with a 6-7# PCF rigid fiberglass absorber core and are available in a variety of sizes, thicknesses and edge styles, with natural or chemically hardened profiles.

From school and company logos to art reproduction, Custom Art Panels are sure to enhance any environment.
